

ELIGIBILITY POLICY

1. All players are eligible at the start of the season. All players shall turn in a grade printout to the designated coach as requested. These print outs are not used to determine eligibility, but only to determine who is at risk of being ineligible.
2. Game eligibility may be lost upon the release of the 3rd quarter grade card. Game eligibility will be lost if the 3rd quarter grade card has a term GPA of 1.499 or less.
3. An ineligible player may regain game eligibility by producing a 4th quarter interim report with no "F" grades and grades representing a GPA of 1.7 or higher. Upon producing such a report, the Player will be permitted to participate in games for the rest of the season.
4. All players will be eligible to practice, regardless of game eligibility status unless the coaching staff, in its sole discretion, believes rugby has become detrimental to the player's academics.
